DAY: High 88.0, Low 64.0
Friday: High 88.0, Low 64.0
Saturday: High 88.0, Low 64.0
Sunday: High 88.0, Low 64.0
Monday: High 88.0, Low 64.0
Tuesday: High 88.0, Low 64.0
Wednesday: High 88.0, Low 64.0
Thursday: High 88.0, Low 64.0
Precipitation 0 inches.

A. T. COLTON, Observer.

J. B. Fitch, Esq., of the Tucson Star, returned home Monday.

Mr. Ben Goldman left Thursday for his home in Tempe.

Mr. E. H. Soule, of Dudleyville, visited the county last week.

Mr. W. H. Sutherland and wife were in town this week from their ranch above Riverside.

Mr. H. C. Summers was in town this week from his stock ranch at the Butte.

Constable J. D. Thomas has in his possession a stray horse awaiting identification by its owner.

Mr. Thomas Stanfield has moved his family into his new house in the Western Addition.

Mr. Robert Bowen returned this week from a visit to his upper stock ranches in the Mogollon country.

Mr. J. H. Kibbey, of the Florence canal, went to Tucson this week, on a short business visit.

Dick Bilderback, a former mining partner of Mr. Thomas Tomlinson, of Casa Grande, died recently in Oregon, with small-pox.

New goods are daily arriving at Wildman & Co.'s, and every line is receiving additions. The prices are still down to a paucity basis.

President Geo. N. Pogue, of the Florence canal company, has gone east. He expects to be absent for a couple of months.

The Florence canal company is now occupying Ed. Lanoue's new house on Main street and will keep their office there.

Judge Benson has leased the McCrory residence on Main street and his family now occupies it. His office is at the Pinto house.

All the old goods at Wildman & Co.'s must go at once to make room for the new stock now arriving.

Commodore W. P. Blair came from Dripping Springs and spent a few days with his friends in town this week.

Mr. Wm. Sellers, who has been engaged in erecting the mill of the Lela mining company in the Casa Grande district, has gone east to spend the summer.

Hon. Douglas Snyder arrived from Tucson Sunday and went to Riverside where he is interested in some mining properties. He returned home Tuesday.

Mr. J. M. Lile, of the Florence Bakery, has ordered a splendid soda fountain and will shortly be prepared to supply this pleasant and wholesome beverage at all hours of the day and evening.

Mr. Norman McKenzie arrived from Tucson Wednesday, on his way to De Noen. He is associated with Mr. Frank Reynolds in the contract for sinking the wells in that camp for the J. D. Keymer mining company.

Mr. D. W. McCallen, who is developing some excellent mining properties on Mineral Creek, visited Florence this week. One of these days his section of the country will experience a mining boom that will establish its reputation in mining circles.

Miss Angie Doran started for California Thursday. She will meet her brother, Hon. A. J. Doran, in San Francisco and, after making a quite extensive tour of the Pacific coast, will visit friends and relatives in Iowa and other portions of the east.

Mr. W. A. Cuddy, the evangelist, occupied the court room the past two evenings and will hold forth again tonight in his voluntary labors for the moral and spiritual welfare of the people. Mr. Cuddy is evidently sincere in his work of information and encouragement in his efforts to do good.

Mr. J. B. McNeil, of Wildman & Co., is expected to arrive in Florence next Monday. He was called to the home of his parents in New York by the last illness of his father, but arrived there just two days too late to see him alive. He started upon his return trip last Tuesday and upon his arrival he will assume charge of Wildman & Co.'s business house in this place.

W. M. Hall, the first inmate of the Yuma penitentiary and who has succeeded remarkably well in maintaining a permanent residence therein, has been once more assigned quarters in that institution, this time for horse stealing at Phoenix.

He was first sentenced to Yuma for horse stealing, for murdering two men, but was subsequently pardoned. Later on he was returned to Yuma from this place, for horse stealing and he celebrated his recently restored freedom by again indulging in a fit of abstraction.

Under Sheriff Thomas returned from Tucson Tuesday evening with Jose Maria Dominguez who is charged by Bernabe Robles with branding a calf that did not belong to him, in Martinez canyon in the Fortilla mountains. The prisoner was taken to Tucson by the Pima county authorities for examination, but it developed that the crime was committed in Pima county and he was therefore brought to Florence. His examination will take place Monday before Justice Miller.

A lot of Osborne Mowing Machines, brand new, will be sold at a bargain. Apply to W. C. SMITH & CO.

Mr. Jas. A. Stowe came up from the Casa Grande district yesterday for the purpose of removing his family from Pinal to Casa Grande where they will reside temporarily. Mr. Stowe is employed at the camp of the Lela Mining Company, south of the Vekol.

Tansil's punch, 5-cent cigars just received at the drugstore.

The Globe Stage.

Mr. Joe Thompson, of the Globe stage line, was in town Thursday arranging a slight change in the operation of the line. Owing to the light travel he will cut down the service between Florence and Riverside to a one-horse hookboard daily, and from Riverside to Globe he will use pack and saddle animals, thereby effecting a saving of about \$250 per month. When there are sufficient numbers of passengers to justify it, the accommodations will be increased to meet the circumstances. The schedule time provided by his contract requires the mail to be delivered here daily at two o'clock in the afternoon, although it has usually arrived nearly three hours earlier. The new arrangement will bring it here somewhere from one to two o'clock, about two hours after the departure of the stage for Casa Grande, making a delay of twenty-four hours in the outgoing mail from Globe. The people of Gila county should remedy this by petitioning the department for greater expedition which can likely be arranged easily.

Mr. Moore, the post master at Bradshaw, Va., after reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy, concluded to try a bottle of it. He says: "I used it in two cases for cholera and three for diarrhea with perfect satisfaction. One dose gave relief in every case but one, that was a bad case of colic and required the second dose. I have handled a great deal of patent medicine as agent and for my own use, but never tried any that gave such results as Chamberlain's Colic, Cholera and Diarrhoea Remedy." For sale at \$5 and 50 cents per bottle by Thomas F. Weed.

A Crowded Jail.

The county jail is full of prisoners and unless a grand jury is soon called to relieve it its limited capacity will be strained to the utmost and much needless suffering of the inmates will be occasioned. There are now awaiting the action of the grand jury, six Apache Indians and one Mexican charged with murder; one Mexican and one African charged with branding cattle belonging to others; one negro for grand larceny and one Chinaman for burglary, besides three prisoners serving short term sentences for misdemeanors, making fourteen prisoners in all.

The April term of court adjourned to Monday, June 3d, and if it meets upon that date the jail can easily be cleared of its inmates in a session of ten days, whereas if it is taken until the regular October term the extra expense of keeping the prisoners in jail during the four intervening months will be considerable, besides the suffering its crowded condition will entail upon the prisoners.

Feed Corral.

Stock boarded by the day, week or month on the most reasonable terms. Corral opposite the courthouse on the east.

Wm. S. OSBORN.

It is not often that such good fortune is experienced in trying circumstances as that which befell a party of gentlemen returning from Mineral Hill last Saturday. The horses attached to a heavy wagon balked while ascending a very steep and dangerous hill and all efforts to induce them to pull up the empty vehicle utterly failed. Darkness was close at hand and there were several other equally formidable hills to climb before the road returned to the level, which point it was desirable to reach before total darkness came on. At last when about to despair of being able to proceed further, kind fortune revealed in the distance a couple of men just returning from a plunge in the river and they promptly responded to the hail of the distressed party and went to their rescue. They proved to be Messrs. J. D. Keymer, Jr., and L. C. Herr and with their very strong assistance, after an hour of severe toil the difficulties were surmounted and the journey homeward was resumed. Upon behalf of those so kindly assisted out of an extremely awkward dilemma THE ENTERPRISE returns thanks to Messrs. Keymer and Herr for their valuable services so cheerfully and graciously given.

Not a fit, but an expression of delight. "About a week ago," says a Los Angeles, Cal. druggist, "a Chinaman came in with a lame shoulder. I sold him a bottle of Chamberlain's Pain Balm and guaranteed that it would cure him. He came in again last night and as soon as he got inside the door, began to swing his arms over his head like an Indian club swinger. I thought the blamed foot had a fit, but he finally stopped long enough to say: 'Medicine velly fine, velly fine; alle same make me feel plenty good.' Chamberlain's Pain Balm is without an equal for sprains, rheumatism, aches, pains or lame back. For sale by Thos. F. Weed.

It is reported that a surveying party from De Noen reached the Gila river at Dosher's ranch last Saturday evening, having run a preliminary line for a railroad from the Reynert mines to that point where a mill site had previously been located. The line was being run by Mr. Alfred Tripoli, of Globe, assisted by Messrs. J. D. Keymer, Jr., and L. C. Herr. This work is merely preliminary to the possible operations of the company at an indefinite time in the future and does not necessarily indicate the immediate construction of a railroad or the erection of a mill at the river.

Save money by buying railroad tickets cheaply. San Francisco, Tucson, Louisiana. Lottery tickets for sale; agent for Little Louisiana Lottery.

Under Sheriff Thomas returned from Tucson Tuesday evening with Jose Maria Dominguez who is charged by Bernabe Robles with branding a calf that did not belong to him, in Martinez canyon in the Fortilla mountains. The prisoner was taken to Tucson by the Pima county authorities for examination, but it developed that the crime was committed in Pima county and he was therefore brought to Florence. His examination will take place Monday before Justice Miller.

A lot of Osborne Mowing Machines, brand new, will be sold at a bargain. Apply to W. C. SMITH & CO.

Mr. Jas. A. Stowe came up from the Casa Grande district yesterday for the purpose of removing his family from Pinal to Casa Grande where they will reside temporarily. Mr. Stowe is employed at the camp of the Lela Mining Company, south of the Vekol.

Tansil's punch, 5-cent cigars just received at the drugstore.

Casa Grande Note.

The weather has been so warm the past few days that it recalls very forcibly to mind the mythical story of the Yuma soldier and his blankets. In fact it is so warm that it has almost melted my ambition to write a letter this week and make me long for "Greenland's icy mountains." My thermometer is "busted" so can not tell the exact temperature, but it is warm enough. This may not prove an inspiring tale to Eastern people who contemplate visiting here but to such I would say that the heat is seldom sultry, and is, therefore, endurable. Don't let the heat keep you away.

Favorable reports continue to arrive from the mines in this district and all indications point to a veritable mining boom in this section of the Territory. Work on the mill site at the Silver Reef is progressing rapidly and will soon be ready for the erection of the mill and smelter. The machinery of the Butte smelter has been taken down apart and will be taken to the Silver Reef as soon as the necessary teams can be obtained for transporting it. The Silver Reef mine from all accounts will soon be a bonanza to its lucky owners.

The machinery for the Golden West mill, taken from the Humboldt mill, is now all on the ground at the site on West and it will shortly be placed in position. Boring for water is progressing favorably and with very few slight mishaps.

The sinking of the shaft for the well at the Lela Camp (Monarch) will be discontinued in a few days and boring operations resumed.

Mr. Chas. Johnson and Mr. Andrew Doran returned from their trip near the Sonora line where Mr. Doran examined some mines owned by Mr. Johnson. His report was very favorable and will undoubtedly cause the mines to be sold to the Philadelphia capitalists who are negotiating with their purchase. Mr. Johnson will shortly leave for the East when the arrangements for the transfer of the property will be completed.

Mr. A. Price has disposed of his saloon business to Mr. Thomas Earle and with his family has departed for California taking up his residence in Los Angeles.

Several ice cream parties have been held here recently. A careful study has developed the fact that the young ladies of Casa Grande have been grossly slandered as regards their capacity for ice cream and established the fact that in having meat cake, ice cream is the fashion for our young men to eat their cream with a table spoon from a soup plate. One young man has practically demonstrated his ability to eat three such dishes and then cry for more. The young man has recovered so I am spared the pain of writing an obituary notice.

Last Monday the 20th inst. was the twentieth anniversary of the marriage of Jesse Mayhew and his estimable wife, of the Hall Way House, and a few of their friends made the occasion a memorable one by giving them a surprise party.

Mr. Robert Bowen of Silver King, accompanied by Jas. Green are inspecting mining property in the vicinity of the Vekol.

Mr. John C. Loss, superintendent of the Central Silver Mining Co., is expected to arrive from the East shortly.

Mr. Loss has been absent about four months and his return from capitalist centers may be the means of bringing increased capital and activity to the Casa Grande district.

Large quantities of apparatus and tools for work on the irrigating canals are arriving daily, and Casa Grande people rejoice in the fact that soon, under the benefits of abundance of water the desert will blossom as the rose.

H. A. C.

Hotel Arrivals.

The following are among the recent arrivals at the Florence Hotel:

R. Van Buskirk, Riverside; R. Jones, Bisbee; C. Rodgers, C. H. Starr, Mesa; Wm. Smith, Pinal; L. S. Holsey, I. K. Smith, Tombstone; Al. Meade, Mayhew, Casa Grande; A. Fitch, Tucson; C. F. Murray, Monarch; D. W. McCallen, Mineral Creek; A. D. Brewster, Mineral Hill; Jesse H. Mayhew, Halfway; Bud Dosher, Dudleyville; A. Redeuil, Phoenix; Robt. Huges, Ben Bible, Chas. Salin, Casa Grande; D. Snyder, Tucson; Gus Heyman, Sig Simon, San Francisco; D. W. Cummings, Casa Grande; E. H. Soule, Dudleyville; D. Leonard, De Noen; J. T. Empley, H. M. Carey, Globe; J. L. Stowe, Pinal; N. A. Brown, Casa Grande; T. W. Dowd, Moravia, New York; A. Schlesinger, San Francisco; C. Wilson, Casa Grande.

California and domestic flour at the Florence Bakery.

The mill of the J. D. Keymer mining company at De Noen has closed down pending the development of a sufficient water supply in the well now being bored. As plenty of water is only a question of depth, and the most improved boring apparatus is now at work sinking, the stoppage of the mill will delay operations but a short time. A good supply of water is an absolute necessity for use at the mines even though it is considered advisable to transfer the mill to the Gila river at some future time, and the expense of the present development will not be lost by any means. The new management of these properties is characterized by a quality of foresight and energy that foreshadows a bright future for that grand property.

From the Vekol.

Florence, May 22d, 1889.

The movements in this camp remain the same since my last letter. The ore bodies of the Vekol are as firm, substantial and remunerative as ever, and present appearances look as though this favored property will receive a life long lease of continued prosperity. The water facilities of this camp have been piped out a distance of over a mile from the camp where the large cattle interests of the proprietors of the Vekol are properly cared for and refreshed during the heated term of summer. A very prominent mining gentleman, practical, thorough and experienced in every sense of the word, arrived here today and will examine into the merits of this A. N. 1 camp, and most especially into the Combination shaft and properties, into which the Vekol surveys prove that the ore bodies are rolling and dipping and growing larger with every fifty feet of advance work. With the new acquisition of silver rights from the rest of the ore body, and the demand from the secretary of the Treasury at an early day for silver bullion for coinage, will place a noble industry on its feet again, and the prosperity of the West will be as firmly established as the monument of Washington in the Capital City. Again with a firm grip on the county seat, upon the banks of the Gila and a faithful conviction that we shall prove the remunerative market for the product of our rich county, I remain in full force.

THE LITTLE GATES AGAIN.

A lot of good work horses for sale at Drew & Baunrick's stables, Florence.

Great Mines.

The Mineral Hill mining district just northeast of Florence, is the most promising mineral section of the territory and probably the most remarkable of low grade ore and in some of the claims there is more ore than in any country rock. It is a rich field for large syndicates with abundant capital to work the mines upon a very large scale. The ore runs from \$8 to \$30 per ton, the general average being about \$15 per ton. One of the many properties will give a much greater average and a great deal of ore can be selected that will return handsome figures. The average given above is, however, within the bounds of fact and, if anything, understates the value. A few miles from the mines is the Gila river with plenty of water for all milling purposes during the entire year. Rail transportation for coke in and bullion out will be a necessary adjunct to the most profitable working of these properties on a proper scale, and this requisite is likely to be soon provided by the road that will traverse the San Pedro valley down to Florence from Tucson. The prediction of practical mining men gives to these properties in the near future a high rate of interest among the great mines of the world.

The new barber shop has crawled to the top.

Mr. Loring S. Williams is now connected with the wholesale grocery firm of A. Goldschmidt & Co., of Tucson, as traveling agent, and will shortly visit this quarter of the territory.

Mr. Williams is a well known man and he will win new friends for this popular house. Messrs. A. Goldschmidt & Co. are the agents for the Lone Star Brewing Co., of San Antonio, Texas, and also of the Anthony & Kuhn Brewing Company, St. Louis, both of whom have excellent institutions of their kind.

Buy your fruits at the Florence Bakery.

Mr. Chas. D. Poston, Arizona's first delegate to Congress, has become entangled in the meshes of the law in a way that will shadow his few remaining years of life with disgrace. He was apprehended in the act of using the official frank of Senator Stewart and Delegate Smith upon his private mail matter and was placed in jail in default of \$2,500 bonds. The penalty is very severe for his offense, for the old man is without money and therefore without friends to help him out of his trouble.

Get shaved at the new barber shop.

The Assessor of Pinal county will sell the Ray Copper Company's smelter today under the provisions of the law requiring the collection of taxes upon personal property where no return is listed. The tax and costs amount to little more than \$300. It is said that no provision exists for the redemption of personal property thus sold for taxes, and that the purchaser derives absolute title thereto.

If you want to buy or sell country produce try the Florence Bakery.

Nothing further in the robbery case of paymaster Wham has transpired beyond the arrest and partial examination of "Cyclone Bill," or William Ellison Beck, and M. E. Cunningham, who are held in \$10,000 bonds each until the 28th instant, when further proceedings will be resumed. A couple of suspects are being pursued into Sonora and other parties are under surveillance.

For Rent.

On June 1st, a fine brick store, 24x62 feet, on west side of Main street, Florence, now occupied by J. M. Ochoa, Apply to C. D. HENRY.

OR E. SLOAN.

At the meeting of Florence Lodge No. 4, A. O. U. W., next Tuesday night, officers will be elected for the ensuing term. A good attendance is desired.

Punch 5-cent cigars, just received at F. F. Weed's.

THE LARGEST BOOK PUBLISHED.

The latest edition of Webster's Unabridged, in the quantity of matter it contains, is believed to be the largest volume published. It surprises many to know that by printers' careful reckoning it contains eight million words, amount of matter that is in the Bible, being sufficient to make 75 12mo. volumes such as usually sell for \$1.25 each. But the best thing about the book is that no space is wasted. It is crammed with useful knowledge for every person who has learned to read.

Mr. Geo. W. Van Hovenburg, of the ice works, has been somewhat indisposed during the past week.

Advice to Mothers.

Mrs. WINSLOW'S SOOTHING SYRUP, for children teething, is the prescription of one of the best female nurses and physicians in the United States, and has been used for forty years with never failing success in the treatment of mothers for their children. During the process of teething its value is incalculable. It relieves the child from pain, cures dysentery, and diarrhoea, griping in the bowels, and wind-colic. By giving health to the child it rests the mother. Price 25c, a bottle.

Board of Supervisors.

[Official.]

OFFICE BOARD OF SUPERVISORS OF PINAL COUNTY, FLORENCE, A. T., May 11, 1889.

The Board met pursuant to an adjournment.

Present Chairman W. C. Smith, Supervisor E. W. Childs, and Wm. E. Guild, Clerk.

Absent Supervisor A. J. Doran.

The report of road viewers, appointed to locate road in Florence canal north, to and across the Gila river near the headgate of the same, was taken up and read.

And placed on file. The Clerk was instructed to draw warrants on the general fund in payment of damages assessed by said road viewers as follows:

Chas. Ritchey, 9-10 acres \$20.00

Jas. N. Dwyer, 1 and 18-10 acres improved land..... 12.00

W. D. Foreman, 1 and 18-10 acres unimproved land..... 12.00

On motion the County Surveyor was instructed to file with the Clerk specifications for the building of said road.

On motion the Clerk was instructed to advertise for sealed proposals to build said road according to specifications.

On motion the application of W. R. Stone for an order on the Treasurer for \$317 estimated estate of Chas. Lind, deceased, was taken up and read, and, on motion, laid on file.

The petition of citizens asking for a change in the county road between Florence and Casa Grande, was taken up.

On motion the following persons were appointed road viewers to locate and lay out the road making the necessary change in county road as required: A. T. Colton, County Surveyor, D. C. Stevens and C. Wallrich, road viewers to file their report on or before the first Monday in July, 1889.

On motion the Clerk was instructed to draw warrants on the general fund for amounts paid on the Live Stock Sanitary fund:

A. Macy, assigned to W. E. Guild..... \$204.39

D. C. Stevens..... 135.26

T. D. Hammond..... 68.13

On motion the Clerk was instructed to change in the county road from Dudleyville to old Camp Grant, was taken up and referred back for the number of signatures required by law.

Petitions asking for the appointment of Road Overseer for District No. 7, were taken up, and on motion A. Ferguson was appointed road overseer. The Clerk was instructed to notify him of his appointment and that he would be required to give a good and sufficient bond in the sum of \$1,000, within ten days.

The petition asking for a county road near the Vekol mines, was taken up, and the Clerk instructed to post the necessary notices required by law.

On motion the Clerk was instructed to draw warrants on the general fund for amounts paid on the Live Stock Sanitary fund:

R. Williams, room and board of indigent sick..... \$46.50

D. W. Hines, nursing indigent sick..... 42.00

The resignation of J. M. McCaffrey, Justice of the Peace, Pinal precinct, was taken up, and on motion his resignation was accepted.

The Clerk was instructed to notify him to return his docket and copy of the Revised Statutes to the Clerk of the Board.

A petition asking for a bridge across the Alamo Amarilla ditch on Pinal street, town of Florence, was taken up. On motion the Clerk was instructed to furnish the necessary material for said bridge when the citizens of Pinal street will agree to construct such bridge free of charge to the county.

The petition asking for a graded road from Florence to Casa Grande was taken up, and on motion, said petition laid on the table.

The Probate Judge audited the accounts of the Supervisors as follows:

W. C. Smith, mileage and per diem \$16.20

E. W. Childs, " " " " 37.00

On motion the board adjourned.

Attest W. C. SMITH, Chairman.

Wm. E. GUILD, Clerk.

Consumption Surely Cured.

To the EDITOR.—Please inform your readers that I have a positive remedy for the above named disease. By its timely use thousands of hopeless cases have been permanently cured. I shall be glad to send two bottles of my remedy FREE to any of your readers who have consumption if they will send me their name, address and post-office address. Respectfully, T. A. SLOCUM, M. C., 181 Pearl St., New York.

Release of an Indian Prisoner.

A Chester, Ill., special dispatch to the Globe-Democrat says: N. H. Diaz Az is a full-blooded Apache Indian, who until yesterday, has been an involuntary resident of this country. He was serving a life sentence in the Chester prison for the murder of Lieut. Mott, in New Mexico, five years ago. He was tried by a civil court and sentenced for life, and the Chester prison was chosen by the United States authorities in which to confine him.

Judge A. D. Duff, formerly of southern Illinois, now living in New Mexico, was the attorney for N. H. Diaz Az, and he, believing the sentence by a civil tribunal to be unconstitutional, carried the case to the United States Supreme Court, and that court decided that the Indian should have been tried by court-martial and consequently set aside the sentence.

Yesterday Lieut. Lockwood, of the 22nd infantry, arrived here with authority to take N. H. Diaz Az back to the San Carlos Agency and set him at liberty, and they left today for the west.

N. H. Diaz Az is a large, tall, typical son of the forest. At a price he is tractable and quiet, but the fact that he was a member of Geronimo's celebrated marauders is sufficient to brand him as a savage, full of fierce wild nature, and a dangerous man, where any advantage is on his side. He is the soldier, and was considerably alarmed when he saw Lieut. Lockwood.

The decision of the Supreme Court is a very important one, and it affects the destinies of more besides N. H. Diaz Az. There are ten Indians in the Columbus (Ohio) Penitentiary for various crimes who were tried and sentenced by the civil instead of the military courts, and in consequence they will remain in their liberty.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positive cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Thomas F. Weed.

The family of Mr. Geo. A. Brown started for California Thursday, to spend the summer months at the sea coast.

ALL AROUND THE HOUSE.

Novelties in Decorations and Fancy Work. Timely and Tempting Recipes.

Large palm fronds, one half covered with white satin, embroidered with a single Japanese chrysanthemum and leaves, the other half decorated with a lattice work of white silk and gold thread, and large bows at the handles, are a pleasing change from the ordinary forms of wall pockets. A large wall pocket is of terra cotta silk rep, the front of plush of the same color, with a conventional design carried out in gold thread terra cotta silk.

A lovely set of glove and handkerchief cases in its prismatic satin, with deep red wall flowers embroidered on the outside.

Among novelties is a glove case of heliotrope satin, with single yellow pansies strewn over it in silk embroidery.

A wedding glove and handkerchief set with myrtle blossoms, accented with gold and pale blue embroidery on a faint creamy background.
